

MEWPS – ZGT86

Safety Harness Training

COURSE OVERVIEW

This Harness Use and Inspection course is for MEWP operatives and their co-workers who work from boom type platforms (1b + 3b). Wearing a suitable safety harness as per IPAF's Technical Guidance Note (TGN H1/08/12) provides protection against platform ejection. This essential course educates safe use, fitting and personal pre-use inspection of a safety harness.

Pre-requisites

None.
