RTLA2

SHOCK PACK TOOL LANYARD WITH CHOKE LOOP AND BELT ATTACHMENT 'O' RING

The RTLA2 is a shock pack tool lanyard with a choke loop for tool attachment and an 'O' ring for the retention of a tool. It is suitable for tools up to 5kg in weight.

Our shock absorber range of lanyards is the pinnacle of our range of tool lanyards, offering unrivalled fall protection built in.

If a user drops a heavy tool while working at height, there is a very real danger that they could be pulled off a ladder or platform by the falling tool. Our shock absorber is specifically designed to reduce that risk.

Web material: 20mm water repellent polyester

Length: 1.25m

Webbing strength: >1000kg

Tool attachment: 210mm choke loop and 50mm 'O' ring

Shock absorber
